Visit www.georgiadogs.com for additional parking information

The Georgia Bulldog Club recognizes parking is a very important component of many contributors game day experience. As a result, The Georgia Bulldog Club offers patrons at a minimum of the \$2500 annual giving level the opportunity to receive one season parking pass per account, based on priority points and availability.

Acquiring a season parking pass:
You must be a donor at a minimum of the \$2500 level to the Hartman Fund and receive season tickets through the Athletic Association on the same account to be eligible. Assignment is based on priority points and availability. There is no additional cost for a parking pass and they are distributed via USPS with season tickets.

Retaining your season parking pass:
To retain your season parking pass through The Georgia Bulldog Club you must maintain a minimum annual contribution level of \$2500 to the Hartman Fund and purchase football season tickets through the Athletic Association, on the same account.

Relocating a season parking pass:
Renew your season parking pass by maintaining a minimum annual contribution level of \$2500 to the Hartman Fund and your football season tickets through the Athletic Association, on the same account. You may make a relocation request on your season ticket application distributed in March. All requests are filled based on priority points and availability.

GAMEDAY PARKING REGULATIONS:
Lots open 7 am on gameday. Please tailgate in front or behind your vehicle. Spaces can not be reserved for tailgating or other patrons. No RV's, limousines or vehicles larger than one space. Vehicles are not permitted to exit and re-enter using the same permit. All regulations will be strictly enforced the 2010 season.
